Principal, Teaching and Non-Teaching Staff

LET NOBLE THOUGHTS COME FROM ALL SIDES

FOREWORD

The **Government Degree College, Tekkali** is the only Government Degree College offering science courses in Tekkali division. It was started in the year 1971 and has completed 34 fruitful years of its existence and proved to be a premier institution of the town offering conventional as well as diversified courses such as restructured courses catering to the educational needs of new millennium. Hence we adopt a symbol of **POORNAKUMBH** with **SUNRAY**.

The sun is the life giving force. Then comes water which provides sustenance to life. From water comes out the lovely lotus flower with out being touched by the murkiness of water. In bolliming lotus symbolizes all pervading knowledge and enlightenment, dispelling ignorance. The **Poornakumbh** placed on the blooming lotus is a harbinger of peace prosperity and happiness.

The college is spread over an area of 20 acres of land located in the NH-% road. The main building of the college was constructed in the year 1986 and was inaugurated by Sri. G.Muddu Krishnam Naidu, the then Higher Education Minister of Andhra Pradesh. From the inception it has been a part of the academic, intellectual, social and cultural heritage. This college is affiliated to Andhra University, Visakhapatnam. This institution was recognized by the U.G.C. Under 2(f) and 12(b) from the academic year 1971.

The prime aim of the institution is to offer qualitative higher education to the students of this district mainly from rural areas, observing the rules of reservation for SC, ST and BC etc.

This college was nursed, nourished and nurtured many eminent

educationists who served this institution as Principals and faculty members over a period of time. This college has growth both vertical and horizontally and earned good recognition and note worthy reputation. This credit especially goes to the relentless and untiring efforts of the past and present staff members that have put up their best to enhance the pride of the institution. The dreams and aspiration of the teachers who have moulded its shape and size reflect the commitment of the Government to serve the community at large through imparting higher learning efficiently.

This institution has been producing generation of students who have achieved laurels in different fields of their specialization. It can be seen from the alumni with distinctive character. The alumni comprises of numerous professionals, social workers, scientists, engineers, teachers, writers and artists occupying various positions in the country.

The institution has 12 under-graduate academic programmes with 23 regular faculty members, 9 contract faculty, 11 Guest faculty and 16 non-teaching staff. The total strength of the college is 1131 students. This college is in a position to impart academic programme for nearly 1131 students. The maximum number of students are from the rural background, mainly from schedule caste, Schedule Tribe, Backward Class almost 90% of them are economically poor. Though the quality of input is below average category the output of the institution is placed on a higher level because of the intensive efforts of the staff members. The college scrupulously follows the academic calendar of the Dr. B.R.Ambedkar University, Etcherla, Srikakulam Dist.

Srikakulam district is the most backward costal region in all aspects. The women in particular are not allowed to come out and pursue any education outside their premises. The planning commission of India recognized Srikakulam district as the total Backward District. But the invaluable efforts of the past and the present staff members has invoked the spirit of the Backward people of other districts to encourage their women to go for their off springs to pursue their education especially in this college.

This enabled us to fulfill all the requirements to reach the aspired height in the realms of education in the district despite many set backs and limitations.

Principal,
Govt. Degree College,
Tekkali
